Public Open House
Wymark School
Swift Current No. 137, SK S0N 2Y0
Wednesday, February 26, 2020 from 4:30 to 8:00pm
Located in the Gymnasium

The map shows the location of Wymark School at the intersection of Dunelm Ave and Falkland Ave. Other streets shown include Amphion St, Flora Ave, Peel St, Versailles St, and Bigford Ave. Highway markers for 721 and 379 are also visible.

Members of our team will be holding our second Open House at the Wymark School to engage with the community, answer any questions and provide information regarding the development and upcoming construction. Refreshments will be provided.

About the Development

The Highfield Solar Energy Project (the "Project") will be the first utility scale Solar PV project in Saskatchewan. Saturn Power was selected through a competitive bid process run by SaskPower to develop, own and operate this Project. The facility will provide 10MW AC of solar energy to SaskPower's grid. It is located approximately 5km northwest of Braddock, Saskatchewan in the Rural Municipality of Coulee.

Do you have any questions or comments?

We invite you to contact us. We want to ensure this project will provide an ongoing benefit to your community. The development of this project is greatly enhanced through local engagement. Feel free to forward this email to a friend. If you are not interested in receiving updates on this project in the future, please **unsubscribe** by following the link.
