

NOTICE OF CHANGE TO A PROPOSAL FOR A RENEWABLE ENERGY PROJECT

Project Name: Gesner Wind Energy Project

Project Applicant: Saturn Power Inc.

Project Location: The project is located on Gesner Line and Schweitzer Line near Highgate.

Dated at the Municipality of Chatham-Kent on this the 6th of May 2011

Saturn Power Inc. is planning to engage in a renewable energy project in respect of which the issuance of a renewable energy approval is required. The proposal to engage in the project and the project itself is subject to the provisions of the Environmental Protection Act (Act) Part V.0.1 and Ontario Regulation 359/09 (Regulation). A change in the Project layout has been identified since the time of the Final Public Meeting on March 23rd, 2011.

Project Description:

Pursuant to the Act and Regulation, the facility, in respect of which this project is to be engaged in, is a Class 4 Wind Facility. If approved, this facility would have a total maximum name plate capacity of 10 MW. The project location is described in the map below.

The Project consist of five Gamesa G-97 2MW turbines. Electricity is produced by the turning of the blades, which is transformed through the use of the generator into useable electricity.

Changes to the Project Layout

In order to satisfy Regulation requirements, Saturn Power Inc. has made modifications to locations of some project components. The new locations of the project components are shown below. The change consists of alterations to the locations of four wind turbines and associated infrastructure.

A Public Meeting is being held to provide information on the changes to the proposed project.

Meeting Location:

Date: Monday, May 16th, 2011

Time: 6:00 pm to 8:00 pm

Place: Highgate Community Hall, 291 King Street, Highgate, ON
